## SCUBA TIPS

### 5 Tips for Easier SCUBA Diving

1. Invest in equipment you can depend on
2. Relax while you dive
3. Don't exceed the limitations of your skills or equipment
4. Properly weight your self for the equipment and exposure suit you're wearing
5. Take Pictures!

Tuesday (Closed)  
Wed - Fri 10 - 6

1533 Adv OW Duenas 20 Aug Sumay  
442P Night McClure 21 Aug Piti

## "A SCUBA LABS BEST BUY"

### Aeris Accel Adjustable Strap Fins

**Power over frills.** Compact and responsive, its clean lines and efficient shape make it an excellent all-around fin.

Shorter than most top-line full-foot fins (less than 21 inches) and very lightweight (1 pound, 5 ounces for a size regular), the Accel gives fans of open-heel fins the best of both worlds: the comfort and adjustability of an open-heel fin, with the weight, size and performance of a full-foot fin. While also good for local diving, you won't find a better open-heel travel fin.

**Customize your pair with optional Accel Color kits!!  
In-stock now at MDA!**

**SAVE THE DATE: SEPTEMBER 15th  
MDA Divers Night, Featuring**

(Closed 2-3)  
Sat - Sun 8 - 6

**NFX**  
Mon - Sat 9 - 8  
Sun 9 - 6

## David Fleetham

David Fleetham is one of the most published underwater photographers in the world. His spectacular and gorgeous underwater images have graced the covers and pages of scores of magazines, books, including a photo of a Sandbar Shark

that made the cover of the August 1991 issue of Life magazine.

David will be joining us here on Guam for a one-night show, "Around the world Underwater". Details on the show's time & location to follow, but we can tell you now that we'll have raffle prizes and a silent auction of David's prints to raise money for Project Aware. Look for more announcements in future editions of *edivers* & facebook.
